

THE DEEP CLEAN

EST TIME: 6 HOURS
FROM £175

This comprehensive service is designed to rejuvenate and refresh a vehicle, both inside and out, by addressing ingrained dirt, stains, odours, and other hard-to-remove contaminants. A deep clean can significantly improve the appearance, comfort, and overall condition of a vehicle.

A deep clean is a thorough and systematic approach to vehicle care that aims to restore the vehicle to a showroom condition. It is especially beneficial for vehicles that have not received regular maintenance or have accumulated significant dirt and grime over time.

WHAT'S INCLUDED:

EXTERIOR

- The use of deionised 0ppm water to guarantee a spot-free finish.
- Wheels cleaned including wheel faces, and inner barrels, with iron fallout decontamination.
- Tyre walls cleaned with a dedicated tyre cleaner.
- Citrus pre wash to release any stubborn road grime and traffic film
- Snow foam pre-cleanser applied to safely loosen dirt.
